

## ALEXANDER SIDE ENTRY

Celebrate life. Discover home.

1 BED  1 BATH 

Footprint 34'-6" x 11'-4"

Living Area 399 Sq. Ft.

Built by Clayton Homes, this one-bedroom cottage was custom-designed for Simple Life communities! The French door side entry is built into the empty space where the stairs would be if the home had a loft. This allows several extra feet of wall space in the generous living area. The well-appointed kitchen features full-sized appliances and a mix of floating shelves and cabinets. The home also includes a stacked W/D and a built-in electric fireplace.
